

HANDHELD DIGITAL THERMOMETER

Application

- All hot and cold fluids/solids.
- Hydroponics and Aquaculture.
- Freezers/Coolers and Heating Systems.
- Motor Maintenance, Generators and Ventilation system.
- Surface of the earth Temp of flower/flowerpot etc.
- Storage measurement of Temp. of Freezing
- Cold-Storage Foods.

General Features

- Complete with Handheld Type (Pocket-Size / Lightweight)
- Durable $\phi 4.0$ Stainless Steel Probe (S.S NO.304)
- Extremely wide Temperature range.
- Large, Easy-to-Read LCD Display.
- CE Mark acquired.

DK-MDT 01

Specification

Model	DK-MDT 01
Range	-50 °C~300 °C (-58 °F~572 °F)
Accuracy	$\pm 1^{\circ}\text{C}$ (-50~150 °C) (-58 °F~302 °F) $\pm 2^{\circ}\text{C}$ (150~300 °C) (302 °F~572 °F)
Resolution	0.1 °C
Power	LR44 button cell battery (1.5V) x 1EA
Battery Life	Abt.12 months based on 2 times use per day
Dimension	25 x 11 x 223(mm)
Weight	Abt.35g
Materials	1) Sensor Probe : Stainless Steel No.304 2) Body : ABS Plastic
